Alan

in 2009 $20k was budgeted for homeless services... but never spent.

the BID is presenting this service as a Benefit. The residents and business' are being assessed based on benefits, and this benefit's actual value is $0 in 2009, and also $0 for the last three years (i mention these 4 years since they are the only years i have data on at the moment).

I would like to know the yearly expenditure on homeless services that the BID has provided for the last 10 years.

Thanks
